A copy of all releasable information related to the evaluation of offerors under this Solicitation including, but not limited to, any award decisions or recommendations. Section 552(b) of the Freedom of Information Act ("the Act") provides that, if some parts of a file are exempt from release, "reasonably segregable" portions of the nonexempt material should be provided. I request, therefore, that if you determine that any portion of the requested information is exempt, you provide me immediately with a copy of the nonexempt portion of the documents. 				<p>such decisions. If you determine that some or all of any requested document is exempt from release, I would appreciate your advising me as to which exemption(s) you think cover(s) the material withheld in whole or in part. As you know, court decisions have held that to satisfy the requirements of the Act, an index of withheld documents must be prepared and such index (a) should be contained in one document and be complete in itself, (b) must adequately describe each withheld document or deletion from a released document (c) must state the exemption claimed for each deletion or withheld document and explain in detail why the exemption is relevant, and (d) be sufficiently specific to permit a reasoned judgment as to whether the material is actually exempt under the Act. Further, in the event of a withholding, please separately state your reasons for not invoking your discretionary powers under the Act to release in the public interest any material you deem to be exempt. Such statements will be helpful in deciding whether to appeal an adverse determination and in formulating arguments in the event of any appeal. I agree to pay all reasonable search and reproduction costs (up to \$400) incurred in connection with the processing of this request. All of this information can be found in 30 SFS S-5 office of Reports and Analysis. I have submitted the blotter entry for the Assault.

2013-03063-F	(b)(6)	03/26/2013	06/21/2013	On October 1, 2012, at 1721, I had departed the bus at the Restricted Area, West Portal, Schriever AFB CO. As I was departing the bus I slipped and fell and consequently injured myself. At that time there were 3 witnesses to my fall. I did not get their name, however 2 men had badged in and one badge out at approximately the same time as me. There was a 4th witness who happened to be the bus driver. The bus driver did not fill out a report. Workmans Compensation requires a report of injury that includes witness statements. At this time I do not have witness statements, which leads me to this Freedom of Information Act (FOIA) request. I am requesting the Security Forces to contact the individuals badging in/out at the same time as I on October 1, 2012, 1721 or so, and see if these individuals are willing to fill out a witness report to my incident.
